Make your summer

SIZZLE

with Mad Science camps!

Combine two half-day camps for a full day of hands-on science fun!

DINO-EXPLORERS! - Preschool Camp - Ages 4-5
Do you like dinosaurs? Do you know what they liked to eat and how they lived? In this preschool camp, you'll become a dinosaur expert and go on a dinosaur hunt! You'll dig for dinosaurs, study their bones, and learn about their food and the places they lived. You'll see just how the different dinosaurs, big and small, used their bodies to survive in a prehistoric world! When we're done, you'll know so much about your favorite dinosaur that you might actually FEEL like a dinosaur!

SHORT CIRCUITS - Ages 6-7 **NEW Robot for 2018**
Learn robot fundamentals and experiment with robot sensors and robot types. Build your OWN robot to take home!
(There is an additional \$20 robot material fee at some partner locations).

SCIENCE ROCKSTARS - Ages 6-12
Be the science expert by experimenting with chemical reactions, the physics of motions, machines, photography and movie-making. Impress your friends with your science stardom!

CRAZY CHEMWORKS - Ages 6-12
Immerse yourself in a chemistry lab. Learn how to use real lab equipment and perform cool experiments that will amaze you and your friends!

EUREKA! - The Inventors' Camp - Ages 6-12
Use the techniques of the greatest inventors to break through a series of modern day challenges. Construct catapults and forts, design underwater vehicles, build a mini-amplifier, and assemble a working light saber!

SPY ACADEMY - Ages 6-12
Sneak into the secret world of spies! Learn about and perform experiments with cool spy equipment and clever spy techniques.

RADICAL ROBOTS - Ages 8-12 **NEW Robot for 2018**
Dive deeper into the robot world. Experiment with a variety of robots and build a more advanced robot to take home!
(There is an additional \$30 robot material fee at some partner locations).

FLIGHT ACADEMY - Ages 6-12
Learn about flight, aerodynamics, and the mysteries of the galaxy. Experiment with flying machines, wind tunnels, and hovercrafts. Build your own model rocket and many other flying machines!

LITTLE GREEN THUMBS - Preschool Camp - Ages 4-5
Learn about the amazing things that happen in the garden! Learn how plants, fruits and vegetables start from seeds, what they need to grow and survive, and how bugs and butterflies help your garden grow.

NASA - JOURNEY INTO OUTER SPACE - Ages 6-12
We've partnered with NASA to help young astronauts explore the galaxies and experience what it takes to travel and survive in space!

CASTAWAY! - Ages 6-12
An Ecological Adventure - You're stranded on a desert island... Now what?! Work together using the supplies you have to survive until you are rescued. Create shelters, use water filtration systems, and study the island's animals. Learn how to harness the sun's energy to create solar cookers, communicate without technology, and work as a team! Campers will build daily projects to survive and escape the island. Don't forget your new duct tape flip flops on your journey back home!
